

# Star grips biopolymer with external thread

## Item description/product images

## Description

### Material:

Biopolymer. Threaded pin steel.

### Version:

Screw trivalent blue passivated.

### Advantages:

This biopolymer is manufactured entirely from renewable raw materials (oil free). Conservation of finite fossil resources. The wood fibres originate 100% from local, sustainably managed forests in Germany.

### Features:

Excellent mechanical stability (certified with a minimum of 2x safety factor). Biopolymer is suitable for recycling (comparable to thermoplastics). Suitable for outdoor use (not biodegradable). Excellent resistance to strong acids and lyes. Short-term resistance to alcohol, fuel, mineral oil and grease.
