

# **Cable clips with T-slot key**

#### Item description/product images

# **Description**

#### **Material:**

Polyamide.

0-ring FPM 70.

#### **Version:**

black.

#### Note:

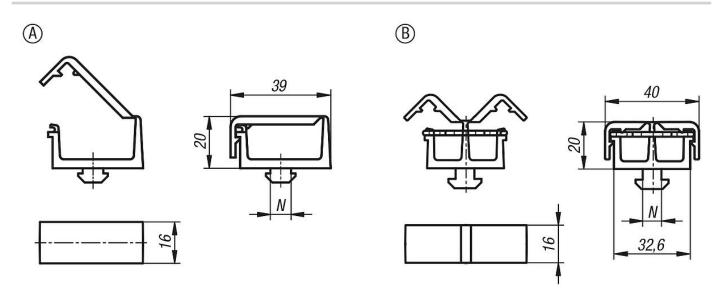

The cable clip is a fastening component for cables and hoses with a diameter up to 12 mm.

The clip is mounted by inserting the T-key into a T-slot and twisting through 90°. The cables are held in place by the stretched 0-ring.

Form A: with one channel.

Form B: with two separate channels.
